It has no luggage compartment but an expandable area at the rear which can be used for luggage, cargoes, etc.

Van: A fully or partially enclosed four-wheel general purpose utility vehicle with two (2) compartments; (i) the front cabin/cab with two (2) side doors seating three (3) passengers, including the driver, on a full width seat, and (ii) the rear deck accommodating eight (8) to 16 passengers with facing collapsible bench seats accessible is considered a van.
